

Consolidate Program Administration and Simplify Workflows

Equiscript understands that managing a 340B program often comes with constraints on time and resources. EQ Retail Claims Processing allows you to streamline your contract pharmacy program administration. With Equiscript managing retail and specialty claims processing, our clients can simplify their 340B partnerships and improve workflows.

Key Benefits

- **Consolidate Program Administration:** Reduce the number of places you need to visit for your day-to-day 340B needs.
- **Dedicated Account Executive:** A single point of contact who comprehensively understands your diverse needs, ensuring alignment with your program goals.
- **Streamline Operations:** Enhance overall efficiency and holistically monitor your 340B program.
- **Supplementary Services:** Pair EQ Retail Claims Processing with EQ Connect Referral and EQ Specialty Claims Processing to maximize 340B claims capture.
